Awards and Presentations:

Dr. Karen Landers, Regional Health Officer  
Alabama Department of Public Health

Dr. Landers introduced herself and thanked the Commission for inviting her to today's meeting. She stated that we are currently in unprecedented times in dealing with the COVID-19 (Coronavirus) pandemic and there are plans in place in order to protect and promote public health and orders are being adjusted, as the situation progresses, in order to reduce the spread of the virus. Dr. Landers stressed the importance of staying at home whenever possible, maintaining six-foot social distancing when in public, sanitizing surfaces and taking all necessary precautions in order to protect ourselves, our family members and the community from this virus that is three to ten times as infectious as influenza. Dr. Landers continued by informing those present that Lauderdale County and Colbert County are working together through the Alabama Department of Public Health in providing a testing site centrally located at the Northwest-Shoals Community College campus parking lot in Muscle Shoals, Alabama.

Commissioner Garner asked Dr. Landers if we are currently doing all we need to do as a County, citizens and employees, in dealing with this situation. She affirmed that we are indeed doing all we can currently and she also commended Lauderdale County EMA Director, George Grabryan, and local law enforcement for being so good to work with and for the job they are doing in protecting our front-line workers and educating staff on appropriate measures. Commissioner Hackworth asked Dr. Landers to confirm that currently there is one death reported in Lauderdale County due to COVID-19 and she said that is the current number but information is continually being updated very frequently and could change by the hour. Commissioner Holmes thanked Dr. Landers for her attendance and her informative response. Mr. Holmes also stated that Lauderdale

County has currently tested approximately five hundred seventy individuals and projections will be made once we have results confirming positive cases and recoveries in order to know the exact impact this virus has had on Lauderdale County. George Grabryan thanked Dr. Landers for her availability and expressed his confidence in her efforts and his appreciation for her for attendance at today's meeting.

Lisa D. Patterson, CPA - Partner  
Patterson, Prince and Associates PC

Lisa Patterson introduced herself and her associate, Josh Russell. Ms. Patterson wanted to make everyone aware of programs available for small businesses as they deal with the effects of COVID-19 and the uncertain economic future. Stimulus checks for individuals are expected to begin arriving this week and two loans are available for small businesses – the Economic Injury Disaster Loan (EIDL) and the Paycheck Protection Program Loan (PPPL). The EIDL has a streamlined process and is available for up to two million dollars with a 3.75% interest rate for ten years with ten thousand dollars immediately available for emergency needs. The PPPL has a 1% interest rate and is available to help businesses continue to make payroll and pay other expenses, many of which are forgivable if spent correctly in the allotted time-frame on qualified expenses. Mr. Russell further explained how the PPPL is set up and listed qualified purchases and also stated that the fund began with three hundred fifty-nine billion dollars and is on a first-come first-serve basis and 60% of the total has already been applied for, so time is of the essence for business owners to apply. Commissioner Parker requested the information presented be sent to the Commissioners so they would have it if needed. Commissioner Hackworth asked if most banks were participating in these loans and Ms. Patterson and Mr. Russell affirmed that all local banks and credit unions were participating in this effort to help as many businesses as they can apply for these available funds.

Judge Will Motlow stated that he appreciated the efforts of the Lauderdale County Commission in their consideration of the employees during this time and restructuring the work schedules to allow everyone to feel comfortable and protected at work. He complimented the hand sanitizer provided by our local Ginesis of Waterloo. Judge Motlow also mentioned the upcoming election on July 14<sup>th</sup> and wants to make sure we are prepared. He stated that the State has approved an additional compensation of twenty-five dollars each for poll workers and we need to allow time for additional training as workers are informed how to manage new conditions and safety protocols at voting locations due to COVID-19 (Coronavirus).

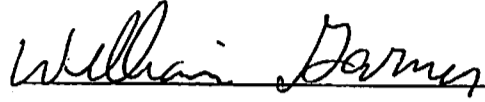

Commissioner Hackworth asked County Administrator, Brenda Bryant, about supplies such as gloves, masks and disinfectant products for the polls. Ms. Bryant said there are some items on backorder and we hope those orders will be filled soon. Judge Motlow also stated that American Paper & Twine, one of our suppliers, will make election needs a priority when considering backordered items as the election approaches.

There being no further business to come before the Commission and upon a motion made by Commissioner Hackworth and seconded by Commissioner Parker, the meeting was duly adjourned until the next regular meeting subject to call.
